

JUNG PUMPEN DRAINAGE PUMP

Ready to plug in
Installation is child's play as the pump is supplied with all necessary accessories. Place in position – plug in – ready!

Useful details
An integrated mounting bracket ensures pump remains securely in position. A connection adapter for a 40 mm internal diameter hose, 20 m cable, a pre-installed swing-type check valve as well as a control system with hand or automatic operation are part of the set.

Fits in any sump
A special float design allows installation in all common drainage sumps with sand trap from 280 mm internal diameter.

Performance ensures reliability
The powerful U6 Drain ES is fitted with a high quality silicon carbide mechanical seal. The pump has sufficient reserves to deal with even the heaviest rainfalls, due to its performance.

DRAINAGESSET FOR HEAVILY CONTAMINATED WASTE AND GROUND WATER

The drainageset from JUNG PUMPEN is supplied ready to plug in with a drainage pump U 6 Drain ES. The set contains practical components which eases the installation and operation of your drainage system.

The powerful pump can also pump abrasive particles. The slim design fits in all common drainage sumps with sand trap from 280 mm internal diameter.

PROTECTS YOUR BUILDING FROM MOISTURE

- ▶ **Drainage pump U 6 Drain ES**
max. delivery head approx. 9,5 m
max. flow rate 16 m³/h
- ▶ **Pumps abrasive liquids**
Thanks to use of silicon carbide mechanical seal
- ▶ **Continuous operation with motor partially submerged**
Possible due to the use of a cooling jacket
- ▶ **Optimal protection of the pump**
By the use of an oil chamber as sealing protection as well as a thermal motor protection
- ▶ **Scope of supply**
 - Drainage pump U6 Drain ES
 - Special float
 - Swing-type check valve
 - Hose nozzle with clamp
 - Mounting bracket
 - 5 m lifting rope
 - 20 m cable
 - Control switch hand/automatic

Type	Voltage	Motorrating P1 / P2	Current	Free passage
U6 Drain ES	1/N/PE~230 V	0,75 / 0,49 kW	3,3 A	10 mm

Drainageset (Code. No. JP 43388)

Hose set (Code. No. JP 43550)

15 m PVC spiral hose with removeable bend for easy demounting of pump (**accessory**)
